No building or other structure shall be erected, moved, added to, structurally altered, nor shall any building, structure, or land be established or changed in use without a permit therefor, issued by the Zoning Inspector. Zoning permits shall be issued only in conformity with the provisions of this resolution unless the Zoning Inspector receives a written order from the Board of Zoning Appeals deciding an appeal, conditional use, or variance or from the Board of Township Trustees approving a Planned Unit Development District, as provided by this Resolution.

SECTION 301

The application for zoning permit shall be signed by the owner or applicant attesting to the truth and exactness of all information supplied on the application. Each application shall clearly state that the permit shall expire and may be revoked if work has not begun within one year or substantially completed within two and one-half (2 1/2) years. At a minimum, the applicant shall contain the following information:

1. Name, address, and phone number of applicant;

2. Legal description of property;

3. Existing use;

4. Proposed use;

5. Zoning district;

6. Plans in triplicate drawn to scale, showing the actual dimensions and the shape of the lot to be built upon; the exact size and location of existing buildings on the lot, if any; and the location and dimensions of the proposed buildings or alteration;

7. Building heights;

8. Number of off-street parking spaces or loading berths;

9. Number of dwelling units;
10. Such other matters as may be necessary to determine conformance with, and provide for the enforcement of this resolution.

SECTION 302

All zoning permits shall, however, be conditional upon the commencement of work within one year. One copy of the plans shall be returned to the applicant by the Zoning Inspector, after the Zoning Inspector shall have marked such copy either as approved or disapproved and attested to same by his signature on such copy. One copy of plans, similarly marked, shall be retained by the Zoning Inspector. If the Director of Transportation notifies the Zoning Inspector that he shall proceed to acquire the land needed, then the Zoning Inspector shall refuse to issue the zoning permit. If the Director of Transportation notifies the Zoning Inspector that acquisition at this time is not in the public interest or upon the expiration of the one-hundred twenty (120) day period of any extension thereof agreed upon the Director of Transportation and the property owner, the Zoning Inspector shall, if the application is in conformance with all provisions of this resolution, issue the zoning permit.

SECTION 304

notice that further work as described in the cancelled permit shall not proceed unless and until a new zoning permit has been obtained or extension granted.

SECTION 310

FAILURE TO OBTAIN A ZONING PERMIT

Failure to obtain a zoning permit shall be a violation of this resolution and punishable under Section 340 of this resolution.

SECTION 320

CONSTRUCTION AND USE TO BE AS PROVIDED IN APPLICATIONS, PLANS, PERMITS, AND CERTIFICATES

Zoning permits issued on the basis of plans and applications approved by the Zoning Inspector authorize only the use, and arrangement, set forth in such approved plans and applications or amendments thereto, and no other use, arrangement, or construction. Use, arrangement, or construction contrary to that authorized shall be deemed a violation of this resolution, and punishable as provided in Section 340 of this resolution.

SECTION 330

COMPLAINTS REGARDING VIOLATIONS

Whenever a violation of this resolution occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the Zoning Inspector. The Zoning Inspector shall record properly such complaint, immediately investigate, and take action thereon as provided by this resolution.

SECTION 340

PENALTIES FOR VIOLATION

Violation of the provisions of this resolution or failure to comply with any of its requirements, including violations of conditions and safeguards established in various sections of this resolution shall constitute a misdemeanor. Any person who violates this resolution or fails to comply with any of its requirements shall upon conviction thereof be fined not more than one-hundred (100) dollars or imprisoned for not more than thirty (30) days, or both, and in addition shall pay all costs and expenses involved in the case. Each day such violation continues after receipt of a violation notice, shall be considered a separate offense. The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, agent, or other person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided. Nothing herein contained shall prevent the Township from taking such other lawful action as is necessary to prevent or remedy any violation.
SECTION 350

SCHEDULE OF FEES, CHARGES, AND EXPENSES
The Board of Township Trustees shall by resolution establish a schedule of fees, charges, and expenses and a collection procedure for zoning permits, amendments, appeals, variances, conditional use permits, plan approvals, and other matters pertaining to the administration and enforcement of this resolution requiring investigations, inspections, legal advertising, postage, and other expenses. The schedule of fees shall be posted in the office of the Zoning Inspector, and may be altered or amended only by the Board of Township Trustees. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.
ARTICLE 4

NON-CONFORMITIES

SECTION 400

INTENT
Within the districts established by this resolution or amendments that may later be adopted there exists lots, uses of land, structures, and uses of structures and land in combination which were lawful before this resolution was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this resolution or future amendments. It is the intent of this resolution to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further the intent of this resolution that non-conformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

SECTION 410

INCOMPATIBILITY OF NON-CONFORMITIES
Non-conformities are declared by this resolution to be incompatible with permitted uses in the districts in which such use is located. A non-conforming use of a structure, a non-conforming use of land, or a non-conforming use of a structure and land in combination shall not be extended or enlarged after passage of this resolution by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses of a nature which would be generally prohibited in the district in which such use is located.

SECTION 420

AVOIDANCE OF UNDUE HARDSHIP
To avoid undue hardship, nothing in this resolution shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this resolution and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction, provided that the work shall be carried out diligently.
SECTION 430

SINGLE NON-CONFORMING LOTS OF RECORD

In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this resolution, notwithstanding limitations imposed by other provisions of this resolution. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable in the district, provided that yard dimensions and requirements other than those applying to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. Variance of requirements listed in Articles 9 and 10 of this resolution other than lot area or lot width shall be obtained only through action of the Board of Zoning Appeals as provided in Sections 540 through 549.

SECTION 431

NON-CONFORMING LOTS OF RECORD IN COMBINATION

If two or more lots or a combination of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this resolution and if all or part of the lots with no buildings do not meet the requirements established for lot width and area, the lands involved shall be considered to be an undivided parcel for the purposes of this resolution and no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this resolution, nor shall any division of any parcel be made which creates a lot with a width or area below the requirements stated in this resolution.

SECTION 440

NON-CONFORMING USES OF LAND

Where, at the time of adoption of this resolution, lawful uses of land exist which would not be permitted by the regulations imposed by this resolution, the uses may be continued so long as they remain otherwise lawful, provided:

1. No such non-conforming uses shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this resolution.

2. No such non-conforming uses shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such uses at the effective date of adoption or amendment of this resolution;

3. If any such non-conforming uses of land are discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), any subsequent use of such land shall conform to the regulations specified by this resolution for the district in which such land is located;
4. No additional structure not conforming to the requirements of this resolution shall be erected in connection with such non-conforming use of land.

SECTION 450

NON-CONFORMING STRUCTURES
Where a lawful structure exists at the effective date of adoption or amendment of this resolution that could not be built under the terms of this resolution by reason of restrictions on area, lot coverage, height, yards, its location on the lot, bulk, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in any way which increases its non-conformity, but any structure or portion thereof may be altered to decrease its non-conformity;

2. Should such non-conforming structure or non-conforming portion of structure be destroyed by any means, it shall not be reconstructed except in conformity with the provisions of this resolution;

3. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

SECTION 460

NON-CONFORMING USES OF STRUCTURES OR OF STRUCTURES AND LAND IN COMBINATION
If a lawful use involving individual structures, or of a structure and land in combination, exists at the effective date of adoption or amendment of this resolution that would not be allowed in the district under the terms of this resolution, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this resolution in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located;

2. Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this resolution, but no such use shall be extended to occupy any land outside such building;

3. If no structural alterations are made, any non-conforming use of a structure or structure and land, may, upon appeal to the Board of Zoning Appeals, be changed to another non-conforming use provided that the Board of Zoning Appeals shall find that the proposed use is equally appropriate or more appropriate to the district than the existing non-conforming use. In permitting such change,
the Board of Zoning Appeals may require appropriate conditions and safeguards in accord with other provisions of this resolution;

4. Any structure, or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the non-conforming use may not thereafter be resumed;

5. When a non-conforming use of a structure, or structure and land in combination is discontinued or abandoned for more than two (2) years (except when government action impedes access to the premises), the structure or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located;

6. Where non-conforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land.

SECTION 470

REPAIRS AND MAINTENANCE

On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing, provided that the cubic content existing when it became non-conforming shall not be increased. Nothing in this section shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

SECTION 480

USES UNDER CONDITIONAL USE PROVISIONS NOT NON-CONFORMING USES

Any use which is permitted as a conditional use in a district under the terms of this resolution shall not be deemed a non-conforming use in such district, but shall without further action be considered a conforming use.
ARTICLE 5

The Commission shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this resolution. Meetings shall be held at the call of the chairman and at such other times as the Commission may determine. All meetings shall be open to the public. The Commission shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its
examinations and other official actions all of which shall be a public record and be immediately filed in the office of the Commission.

SECTION 511

DUTIES OF ZONING COMMISSION
For the purpose of this resolution the Commission shall have the following duties:

1. Initiate proposed amendments to this resolution;

2. Review all proposed amendments to this resolution and make recommendations to the Board of Township Trustees as specified in Article 6;

3. Review all planned unit developments and make recommendations to the Board of Township Trustees as provided in Article 13.

SECTION 520

BOARD OF ZONING APPEALS CREATED
A Board of Zoning Appeals is hereby created, which shall consist of five (5) members to be appointed by the Board of Township Trustees each for a term of five (5) years, except that the initial appointments shall be one (1) member each for one (1), two (2), three (3), four (4), and five (5) year terms. Each member shall be a resident of the Township. Members of the Board may be removed from office by the Board of Township Trustees for cause upon written charges and after public hearing. Vacancies shall be filled by appointment by the Board of Township Trustees for the unexpired term of the member affected.

SECTION 521

PROCEEDINGS OF THE BOARD OF ZONING APPEALS
The Board shall adopt rules necessary to the conduct of its affairs in keeping with the provisions of this resolution. Meetings shall be held at the call of the chairman and at such other times as the Board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be a public record and be immediately filed in the office of the Board.

SECTION 522

POWERS OF THE BOARD OF ZONING APPEALS
In exercising its powers, the Board may, in conformity with the terms of this resolution, reverse or affirm, wholly or partly, or modify the order,
requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end has all powers of the Zoning Inspector from whom the appeal is taken.

For the purpose of this resolution the Board has the following specific responsibilities:

1. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, interpretation, or determination made by the Zoning Inspector;

2. To authorize, upon appeal, in specific cases, such variance from the terms of this resolution as will not be contrary to the public interest, where, owing to the special conditions, a literal enforcement of this resolution will result in unnecessary hardship, and so that the spirit of this resolution shall be observed and substantial justice done;

3. To grant conditional use permits for the use of land, buildings, or other structures if such uses are specified in the Official Schedule of District Regulations and under the conditions specified in Article 9 and such additional safeguards as will uphold the intent of this resolution;

4. Revoke an authorized variance or conditional zoning certificate granted for the extraction of minerals, if any condition of the variance or certificate is violated.

SECTION 530

DUTIES OF ZONING INSPECTOR, BOARD OF ZONING APPEALS, LEGISLATIVE AUTHORITY AND COURTS ON MATTERS OF APPEAL

It is the intent of this resolution that all questions of interpretation and enforcement shall be first presented to the Zoning Inspector, and that such questions shall be presented to the Board only on appeal from the decision of the Zoning Inspector, and that recourse from the decisions of the Board shall be to the courts as provided by law. It is further the intent of this resolution that the duties of the Board of Township Trustees in connection with this resolution shall not include hearing and deciding questions of interpretation and enforcement that may arise. The procedure for deciding such questions shall be as stated in this section and this resolution. Under this resolution the Board of Township Trustees shall have only the duties of considering and adopting or rejecting proposed amendments or the repeal of this resolution as provided by law, and of establishing a schedule of fees and charges as stated in Section 350 of this resolution. Nothing in this resolution shall be interpreted to prevent any official of the Township from appealing a decision of the Board to the courts as provided in Chapters 2505 and 2506 of the Ohio Revised Code. Any such appeal shall be made within ten (10) days of the Board's written decision.

SECTION 540
PROCEDURE AND REQUIREMENTS FOR APPEALS AND VARIANCES

Appeals and variances shall conform to the procedures and requirements of Sections 541-549, inclusive, of this resolution. As specified in Section 522, the Board of Zoning Appeals has appellate jurisdiction relative to appeals and variances.

SECTION 541

APPEALS

Appeals to the Board of Zoning Appeals concerning interpretation or administration of this resolution may be taken by any person aggrieved or by any officer or bureau of the legislative authority of the Township affected by any decision of the Zoning Inspector. Such appeal shall be taken within twenty (20) days after the decision by filing, with the Zoning Inspector and with the Board of Zoning Appeals, a notice of appeal specifying the grounds upon which the appeal is being taken. The Zoning Inspector shall transmit to the Board of Zoning Appeals all the papers constituting the record upon which the action appealed from was taken.

SECTION 542

STAY OF PROCEEDINGS

An appeal stays all proceedings in furtherance of the action appealed from, unless the Zoning Inspector from whom the appeal is taken certifies to the Board of Zoning Appeals after the notice of appeal is filed with him, that by reason of facts stated in the application, a stay would, in his opinion, cause imminent peril to life and property. In such case, proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Zoning Appeals or by a court of record on application, on notice to the Zoning Inspector from whom the appeal is taken on due cause shown.

SECTION 543

VARIANCES

The Board of Zoning Appeals may authorize upon appeal in specific cases such variance from the terms of this resolution as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this resolution would result in unnecessary hardship. No non-conforming use of neighboring lands, structures, or buildings in the same district and no permitted or non-conforming use of lands, structures, or buildings in other districts shall be considered grounds for issuance of a variance. Variances shall not be granted on the grounds of convenience or profit, but only where strict application of the provisions of this resolution would result in unnecessary hardship.

SECTION 544
APPLICATION AND STANDARDS FOR VARIANCES

A variance from the terms of this resolution shall not be granted by the Board of Zoning Appeals unless and until a written application for a variance is submitted to the Zoning Inspector and the Board of Zoning Appeals containing:

1. Name, address, and phone number of applicants;

2. Legal description of property;

3. Description of nature of property requested;

4. A narrative statement demonstrating that the requested variance conforms to the following standards:

   a. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;

   b. That a literal interpretation of the provisions of this resolution would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this resolution;

   c. That special conditions and circumstances do not result from the actions of the applicant;

   d. That granting the variance requested will not confer on the applicant any special privilege that is denied by this resolution to other lands, structures, or buildings in the same district.

A variance shall not be granted unless the Board makes specific findings of fact based directly on the particular evidence presented to it, which support conclusions that the standards and conditions imposed by subsection 4 of this section have been met by the applicant.

SECTION 545

SUPPLEMENTARY CONDITIONS AND SAFEGUARDS

Under no circumstances shall the Board of Zoning Appeals grant an appeal or variance to allow a use not permissible under the terms of this resolution in the district involved, or any use expressly or by implication prohibited by the terms of this resolution in said district. In granting any appeal or variance, the Board of Zoning Appeals may prescribe appropriate conditions and safeguards in conformity with this resolution. Violation of such conditions and safeguards, when made a part of the terms under which the appeal or variance is granted, shall be deemed a violation of this resolution and punishable under Section 340 of this resolution.

SECTION 546
PUBLIC HEARING BY THE BOARD OF ZONING APPEALS
The Board of Zoning Appeals shall hold a public hearing within twenty (20) days after the receipt of an application for an appeal or variance from the Zoning Inspector or an applicant.

SECTION 547

NOTICE OF PUBLIC HEARING IN NEWSPAPER
Before holding the public hearing required in Section 546, notice of such hearing shall be given in one or more newspapers of general circulation of the Township at least ten (10) days before the date of said hearing. The notice shall set forth the time and place of the public hearing, and the nature of the proposed appeal or variance.

SECTION 548

NOTICE TO PARTIES IN INTEREST
Before holding the public hearing required in Section 546, written notice of such hearing shall be mailed by the Chairman of the Board of Zoning Appeals, by first class mail, at least ten (10) days before the day of the hearing to all parties in interest. The notice shall contain the same information as required of notices published in newspapers as specified in Section 547.

SECTION 549

ACTION BY BOARD OF ZONING APPEALS
Within thirty (30) days after the public hearing required in Section 546, the Board of Zoning Appeals shall either approve, approve with supplementary conditions as specified in Section 545, or disapprove the request for appeal or variance. The Board of Zoning Appeals shall further make a finding that the reasons set forth in the application justify the granting of the variance that will make possible a reasonable use of the land, building, or structure. Appeals from Board decisions shall be made in the manner specified in Section 530.

SECTION 560

PROCEDURE AND REQUIREMENTS FOR APPROVAL OF CONDITIONAL USE PERMITS
Conditional uses shall conform to the procedures and requirements of Sections 561-568, inclusive of this resolution.

SECTION 561

GENERAL
It is recognized that an increasing number of new kinds of uses are appearing daily, and that many of these and some other more conventional uses possess
characteristics of such unique and special nature relative to location, design, size, method of operation, circulation, and public facilities that each specific use must be considered individually. These specific uses as they are conditionally permitted under the provisions of Article 9, shall follow the procedures and requirements set forth in Sections 562-568, inclusive.

SECTION 562

CONTENTS OF APPLICATION FOR CONDITIONAL USE PERMIT

An application for conditional use permit shall be filed with the Chairman of the Board of Zoning Appeals by at least one owner or lessee of property for which such conditional use is proposed. At a minimum, the application shall contain the following information:

1. Name, address, and phone number of applicant;
2. Legal description of property;
3. Description of existing use;
4. Zoning district;
5. Description of proposed conditional use;
6. A plan of the proposed site for the conditional use showing the location of all buildings, parking and loading area, traffic access and traffic circulation, open spaces, landscaping, refuse and service areas, utilities, signs, yards, and such other information as the Board may require to determine if the proposed conditional use meets the intent and requirements of this resolution;
7. A narrative statement evaluating the effects on adjoining property; the effect of such elements as noise, glare, odor, fumes and vibration on adjoining property; a discussion of the general compatibility with adjacent and other properties in the district; and the relationship of the proposed use to the comprehensive plan;
8. Such other information as may be required in Section 564.

SECTION 563

GENERAL STANDARDS APPLICABLE TO ALL CONDITIONAL USES

In addition to the specific requirements for conditionally permitted uses as specified in Section 564, the Board shall review the particular facts and circumstances of each proposed use in terms of the following standards and shall find adequate evidence showing that such use at the proposed location:

1. Is in fact a conditional use as established under the provisions of Article 9 and appears on the Official Schedule of District Regulations adopted by
Section 910 for the zoning district involved;

2. Will be harmonious with and in accordance with the general objectives, or with any specific objective of the Township's comprehensive plan and/or zoning resolution;

3. Will be designed, constructed, operated, and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and that such use will not change the essential character of the same area;

4. Will not be hazardous or disturbing to existing or future neighboring uses;

5. Will be served adequately by essential public facilities and services as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the persons or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services;

6. Will not create excessive additional requirements at public cost for public facilities and services and will not be detrimental to the economic welfare of the community;

7. Will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare, or odors;

8. Will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares;

9. Will not result in the destruction, loss, or damage of a natural, scenic, or historic feature of major importance.

SECTION 564

**SECTION 840**

**PLANNED UNIT DEVELOPMENT**

Planned Unit Development is a land development project which is planned as an entity, grouping dwelling units into clusters, allowing an appreciable amount of land for open space, mixing housing types and land uses, and preserving useful natural features. The PUD process discards the traditional use districting, self-executing development regulation for the more open process permitting the application of sound planning principles to the development of various size parcels ranging from small, cluster developments to entire new communities. A simple planned unit development may contain a number of dwellings of the same type combined with common open space. A complex PUD may include a variety of housing types - detached single-family houses; townhouses; and garden, mid-rise, and high-rise apartments - along with open space and common areas containing recreational and community facilities, such as a swimming pool, a school, or a community center. Some PUD's may have a neighborhood/commercial use integrated with the residential development plan.

**SECTION 850**

**SCHEDULE OF USES**

The purpose of the Schedule of Uses is to list different land uses and specify what districts within the community allow those uses. Any uses not listed in the Schedule of Uses are prohibited.

The purpose of supplementary district regulations is to set specific conditions for various uses, classification of uses, or areas where problems are frequently encountered.

SECTION 1001

CONVERSION OF DWELLINGS TO MORE UNITS
A residence may not be converted to accommodate an increased number of dwelling units unless:

2. The lot area per family equals the lot area requirements for new structures in that district;
3. The floor area per dwelling unit is not reduced to less than that which is required for new construction in that district;

SECTION 1002

No private swimming pool, exclusive of portable swimming pools with a diameter less than twelve (12) feet or with an area of less than one hundred (100) square feet shall be allowed in any commercial or residential district, except as an accessory use and unless it complies with the following conditions and requirements:

2. It may not be located closer than ten (10) feet to any property line;
3. The swimming pool, or the entire property on which it is located, shall be walled or fenced to prevent uncontrolled access by children from the street or

SECTION 1004

Temporary buildings, construction trailers, equipment, and materials used in conjunction with construction work only may be permitted in any district during the period construction work is in progress, but such temporary facilities shall be removed upon completion of the construction work. Storage of such facilities or equipment beyond the completion date of the project shall require a zoning permit authorized by the Zoning Inspector.

SECTION 1005

REQUIRED TRASH AREAS
All commercial, industrial, and multi-family residential uses that provide trash and/or garbage collection areas shall be enclosed on at least three sides by a solid wall or fence of at least four (4) feet in height if such area is not within an enclosed building or structure. Provisions for adequate vehicular access to and from such area or areas for collection of trash and/or garbage as determined by the Zoning Inspector shall be required.

SECTION 1015

SIDE AND REAR YARD REQUIREMENTS FOR NONRESIDENTIAL USES ABUTTING RESIDENTIAL DISTRICTS
Nonresidential buildings or uses shall not be located nor conducted closer than forty (40) feet to any lot line of a residential district, except that the minimum yard requirements may be reduced to fifty (50) percent of the requirement if acceptable landscaping or screening approved by the Zoning Inspector is provided. Such screening shall be a masonry or solid fence between four (4) and eight (8) feet in height maintained in good condition and free of all advertising or other signs. Landscaping provided in lieu of such wall or fence shall consist of a strip of land not less than twenty (20) feet in width planted with an evergreen hedge or dense planting of evergreen shrubs not less than four (4) feet in height at the time of planting. Either type of screening shall not obscure traffic visibility within fifty (50) feet of an intersection.

SPECIAL PROVISIONS FOR COMMERCIAL AND INDUSTRIAL USES
No land or building in any district shall be used or occupied in any manner creating dangerous, injurious, noxious, or otherwise objectionable conditions which could adversely affect the surrounding areas or adjoining premises, except that any use permitted by this resolution may be undertaken and maintained if acceptable measures and safeguards to reduce dangerous and objectionable conditions to acceptable limits as established by the performance requirements in Sections 1021-1031, inclusive.

SECTION 1021

ARTICLE 13

PLANNED UNIT DEVELOPMENT

SECTION 1300

OBJECTIVES FOR PLANNED UNIT DEVELOPMENTS
It shall be the policy of the Township of Saybrook to promote progressive development of land and construction thereon by encouraging planned unit developments to achieve:

1. A maximum choice of living environments by allowing a variety of housing and building types and permitting an increased density per acre and a reduction in lot dimensions, yards, building setbacks, and area requirements;

2. A more useful pattern of open space and recreation areas and, if permitted as part of the project, more convenience in the location of accessory commercial uses and services;

3. A development pattern which preserves and utilizes natural topography and geologic features, scenic vistas, trees, and other vegetation, and prevents the disruption of natural drainage patterns;

4. A more efficient use of land than is generally achieved through conventional development resulting in substantial savings through shorter utilities and streets;

5. A development pattern in harmony with land use density, transportation facilities, and community facilities objectives of the comprehensive plan.

The Township is also prepared to accept a greater population density in undeveloped areas than that reflected by present zoning provided the developer can demonstrate that any increment of public cost clearly attributable to increased densities will be compensated for by the private amenities and public benefits to be achieved by the plan of development.

SECTION 1301

PROVISIONS GOVERNING PLANNED UNIT DEVELOPMENTS
Because of the special characteristics of planned unit developments, special provisions governing the development of land for this purpose are required. Whenever there is a conflict or difference between the provisions of this article and those of the other articles of this resolution, the provisions of this article shall prevail. Subjects not covered by this article shall be governed by the respective provisions found elsewhere in this resolution.
SECTION 1302
APPLICATION AND PROCEDURE
Upon approval by the Zoning Commission and the Board of Township Trustees, a planned unit development district may be applied to any existing residential district. Upon approval of a final development plan, the Official Zoning Map shall be annotated for the land area involved so that the district name includes the notation, "PUD". Planned Unit Development districts shall be approved by the Zoning Commission and the Board of Township Trustees in the manner provided in Sections 1350-1364 of this Article.

SECTION 1310
USES PERMITTED
Compatible residential, commercial, industrial, public, and quasi-public uses may be combined in PUD districts provided that the proposed location of the commercial or industrial uses will not adversely affect adjacent property, and/or the public health, safety, and general welfare. Lot area and other yard requirements of the residential districts established in Article 8 shall apply except as modified in Sections 1325 and 1327.

The amount of land devoted to commercial and/or industrial use in a residential-commercial-industrial or residential-commercial development shall be determined by the Zoning Commission and approved by the Board of Township Trustees.

SECTION 1320
MINIMUM PROJECT AREA
The gross area of a tract of land to be developed in a planned unit development district shall be a minimum of twenty (20) acres, provided, however, that smaller parcels may be considered on the basis of their potential to satisfy the objectives of this Article as stated in Section 1300.

When the planned unit development proposes a mixture of residential uses with commercial and/or industrial uses, the Zoning Commission may limit the development of not more than eight (8) percent of the tract to commercial uses and not more than twelve (12) percent of the tract to industrial uses.

SECTION 1321
PROJECT OWNERSHIP
The project land may be owned, leased, or controlled either by a single person or corporation, or by a group of individuals or corporations. Such ownership may be by a public or private corporation.

SECTION 1322
COMMON OPEN SPACE
A minimum of twenty (20) percent of the land developed in any planned unit development project shall be reserved for common open space and recreational facilities for the residents or users of the area being developed. The open space shall be disposed of as required in Section 1323 of this resolution.

SECTION 1323
DISPOSITION OF OPEN SPACE
The required amount of common open space land reserved under a planned unit development shall either be held in corporate ownership by owners of the project area for the use of each owner who buys property within the development or be dedicated to the Township and retained as common open space for parks, recreation, and related uses. All land dedicated to the Township must meet the Zoning Commission's requirements as to size, shape, and location. Public utility and similar easements and right-of-ways for water courses and other similar channels are not acceptable for common open space dedication to the Township unless such land or right-of-way is usable as a trail or other similar purpose and approved by the Zoning Commission.

The responsibility for the maintenance of all open spaces shall be specified by the developer before approval of the final development plan.

SECTION 1324
UTILITY REQUIREMENTS
Underground utilities, including telephone and electrical systems, are required within the limits of all planned unit developments. Appurtenances to these systems which can be effectively screened may be excepted from this requirement if the Zoning Commission finds that such exemption will not violate the intent or character of the proposed planned unit development.

SECTION 1325
MINIMUM LOT SIZES
1. Lot area per dwelling unit may be reduced by not more than forty (40) percent of the minimum lot area required in the Official Schedule of District Regulations. A planned unit development need not conform to the density requirements of Article B. A diversification of lot sizes is encouraged.

2. Lot widths may be varied to allow for a variety of structural designs. It is also recommended that setbacks be varied.

SECTION 1326
LOTS TO ABUT UPON COMMON OPEN SPACE
Every property developed under the planned unit development approach should be
designed to abut upon common open space or similar areas. A clustering of dwellings is encouraged. In areas where town houses are used, there shall be no more than eight (8) town house units in any contiguous group.

SECTION 1327

HEIGHT REQUIREMENTS

For each foot of building height over the maximum height regulations specified in Article 9, the distance between such buildings and the side and rear property lines of the planned unit development project areas shall be increased by a one (1) foot addition to the side and rear yard required in the districts.

SECTION 1328

PARKING

Off-street parking, loading, and service areas shall be provided in accordance with Article 11 of this resolution. However, off-street parking and loading areas shall not be permitted within fifteen (15) feet of any residential use.

SECTION 1329

PERIMETER YARDS

Notwithstanding the provisions of this Article, every lot abutting the perimeter of the planned unit development district shall maintain all yard requirements specified in Article 9 for the applicable conventional zoning district.

SECTION 1340

ARRANGEMENT OF COMMERCIAL USES

When planned unit development districts include commercial uses, commercial buildings and establishments shall be planned as groups having common parking areas and common ingress and egress points in order to reduce the number of potential accident locations at intersections with thoroughfares. Planning screens or fences shall be provided on the perimeter of the commercial areas abutting residential areas.

The plan of the project shall provide for the integrated and harmonious design of buildings, and for adequate and properly arranged facilities for internal traffic circulation, landscaping, and such other features and facilities as may be necessary to make the project attractive and efficient from the standpoint of the adjoining and surrounding non-commercial areas.

All areas designed for future expansion or not intended for immediate improvement or development shall be landscaped or otherwise maintained in a neat and orderly manner as specified by the Zoning Commission.
SECTION 1341
ARRANGEMENT OF INDUSTRIAL USES

Planned Unit Development Districts may include industrial uses if it can be shown that the development results in a more efficient and desirable use of land.

Industrial uses and parcels shall be developed in parklike surroundings utilizing landscaping and existing woodlands as buffers to screen lighting, parking areas, loading areas or docks, and/or outdoor storage of raw materials or products. A planned industrial area shall provide for the harmony of buildings and a compact grouping in order to economize in the provision of such utility services as are required. Thoroughfares shall be kept to a minimum throughout a planned industrial area in order to reduce through traffic.

Project side yards of forty (40) feet and a rear yard of fifty (50) feet shall be required if the project is located adjacent to any residential uses. All intervening spaces between the right-of-way line and project building line and intervening spaces between buildings, drives, parking areas, and improved areas shall be landscaped with trees and plantings and properly maintained at all times.

SECTION 1350
PROCEDURE FOR APPROVAL OF PUD DISTRICT

Planned Unit Development Districts shall be approved in accordance with the procedures in Sections 1351-1364.

SECTION 1351

The Commission's approval in principle of the preliminary development plan shall be necessary before an applicant may submit a final development plan. Approval in principle shall not be construed to endorse a precise location of uses, configuration of parcels, or engineering feasibility. The Zoning Commission may seek assistance in making its recommendation from the County Planning Commission or any other appropriate source.

Section 1357

After approval in principle of the preliminary development plan, the developer shall submit a final development plan to the Zoning Commission. The final development plan shall be in general conformance with the preliminary development plan approved in principle.
